

## **Safeguarding Training**

We ensure all practitioners have safeguarding training as required by the Statutory Framework for the Early Years Foundation Stage September 2014 and Working Together to Safeguard Children March 2015.

Practitioners are trained and supported to identify, understand and respond appropriately to signs of possible abuse and neglect, including:

- significant changes in children's behaviour;
- deterioration in children's general well-being;
- unexplained bruising, marks or signs of possible abuse or neglect;
- children's comments which give cause for concern;
- any reasons to suspect neglect or abuse outside the setting, for example in the child's home;
- Inappropriate behaviour displayed by other members of staff, or any other person is working with the children. For example, inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images.
